## PROFILE

MERN Full Stack Developer | C++, Python, JavaScript Enthusiast | React & Node.js Specialist | Competitive Coder | Agile Methodologies Advocate | Tech Innovator | Passionate Problem Solver @ LeetCode

## SUMMARY

Hello! I'm Abhishek Prajapati, a dedicated second-year Computer Science student pursuing Bachelor of Computer Applications (BCA) with a focus on Computer Science and Engineering at Chaudhary Charan Singh University (CCSU) in Meerut.

I am passionate about Competitive Programming and love tackling problems using various Data Structures, Algorithms, and mathematical concepts. I am currently delving deep into Data Structures and Algorithms using C++, starting from the foundational level. I firmly believe in the transformative power of programming and its potential to improve lives globally. My enthusiasm for software development drives me to solve practical problems and create meaningful solutions. I am continuously eager to learn, solve new problems, and build innovative projects. For this, I am very grateful 😊.
